

CPGEquations

```
graph BT; tgBaseCPGNode -- m_pCPGSystem --> CPGEquations
```

The diagram illustrates a pointer relationship between two classes. At the bottom is a box labeled 'tgBaseCPGNode' with a light gray fill. At the top is a box labeled 'CPGEquations' with a white fill. A dashed purple arrow points from the 'tgBaseCPGNode' box up to the 'CPGEquations' box. To the right of the arrow, the text 'm_pCPGSystem' is written, indicating the name of the pointer variable.
