

core/tgSimulation.h

```
graph TD; A[core/tgSimulation.h] --> B[iostream]; A --> C[vector];
```

A diagram illustrating a header file dependency. At the top, a gray rectangular box contains the text 'core/tgSimulation.h'. Two blue arrows originate from the bottom edge of this box. The left arrow points diagonally down and to the left to a white rectangular box containing the text 'iostream'. The right arrow points diagonally down and to the right to another white rectangular box containing the text 'vector'. All boxes have a thin black border.
